A dispatch from Washington says. The removal of ex-Consul Waller from Madagascar to France is an advantage to Mr. Waller and to this government While this action on the part of French government will only add to the amount of indemnity it will be catled upon to pay should Mr. Waller's friends show that the charge upon which be was sentenced is baseless, it will still facilitate the efforts of the department of state to fully develop the facts in the case, as it can now communicate di-rectly with United States Ambassador Eustis, instead of being obliged to adopt the tedious course of acting through an inferior consular officer in Madagascar, out of reach of cable communication
